

We are honored by your interest in our studio! Thank you for seeking out information about our programs.

We invite you to tour our website where you will find information about all of our programs – children's, recreational, apprentice, competition and our company in residence, Performing Arts Dance Theater. Auditions for our company are held in June with material for those auditions taught in April and May.

As a school, we run a program from September-June that culminates in our end of the year performance at the Howell High School auditorium in June. We begin enrollment for our school year program in July, and close enrollment after Thanksgiving.

Our next available opportunity for enrollment is for our two-week summer program at the end of June – divided into both an A La Carte program for our recreational dancers ages 3 and up, and a two-week Summer Dance Intensive for advanced dancers ages 8 and up studying all genres of dance. Information regarding our summer program will be available in April and can be found here, on our website, at that point in the year.

Thank you so much!
